LCAP Review- Decline in test results across the board K-8. Increase in Title 1 Funds-new intervention teacher will be hired-important to see if intervention actually helps. New ELA program in place-perhaps that has affected the scores. Discussion at Elementary and Middle School about the way testing is done-eg amount of time that is spent at a stretch. Joanie notices a strong correlation between parent engagement and student success.

HS- large improvement in scores-doesn't expect that to continue.

Shannon asks if AVID or similar organization/study skills program can be reinstated.

Interim assessments are available 9-11th grade-Do more interim assessments 4-8 also.

Next Meeting Jan-bring back ideas for improving student performance

Construction Project-Don showed photos of the progress. Nancy has concerns about connection between classrooms. Roofing is on. Restrooms are wired and drywalled. Solar project drawings are submitted-waiting for approval.

CTE Grant-due Nov 29th-LUSD will apply for money to build a kitchen at the High School. 1.5 million estimated budget. Grant requires matching funds. District has approx 100,000 of the 750,000 that we would need, the rest could be acquired as a low interest loan from the state. Joanie showed some plans for a similar project so everyone could get an idea of what it might be like.

Elementary project phase 2-need to wait to see when state funds might be available-maybe get site ready? Demolition of old buildings over spring break or summer? Rethink plan for 3 new classrooms maybe? Enrollment drop could affect plan.

Reports Boosters/Sports: Girls in State Finals Volleyball
